Sky Lighting Europe srl, è un produttore di sorgenti luminose e corpi illuminanti.

L'azienda, con capitale di maggioranza italiano, rappresenta l'interfaccia commerciale di un gruppo costituito da 4 aziende complementari, con base nel sud est asiatico, che impiegano oltre 2500 persone e raggiungono il mezzo miliardo di dollari di fatturato.

L'enorme successo del gruppo è dovuto proprio a questa complementarietà così profonda e strategicamente riferita ai punti chiave della gestione industriale, dall'elettronica, come ad esempio la produzione di tutti i circuiti elettronici necessari alle nostre lampade o corpi illuminanti, alla biochimica attraverso gli allevamenti di zaffiro sintetico, necessario per la creazione del substrato necessario alla realizzazione del filamento delle nostre lampade led.

L'innovazione e la sostenibilità sono principi su cui basiamo il nostro vantaggio competitivo. Un servizio con evasione ordini e consegna "il giorno dopo", unitamente ad un sistema di gestione del rapporto operativo in "tempo reale", ci rendono un player di assoluto riferimento e interesse, capace di rendere, anche grazie ad una politica prezzi "all inclusive", "normali" tutta una serie di plus che ci distinguono e caratterizzano fortemente.

Attraverso queste linee guida, oggi, siamo presenti in oltre 70 paesi nel mondo e disponiamo di un vastissimo magazzino, oltre che di un laboratorio attrezzato, per la verifica costante del livello qualitativo dei nostri prodotti.

CERTIFICAZIONI

Qualità e sicurezza sono valori fondamentali che vengono garantiti su tutti i prodotti. Essi infatti sono tutti certificati da TUV Rheinland, uno degli istituti più affidabili e prestigiosi al mondo, con il quale è nata una partnership talmente stretta che i risultati provenienti dai laboratori di test e analisi della nostra casa madre, sono stati riconosciuti come ufficiali e legalmente validi ai fini della certificazione di prodotto.

VISION & MISSION

L'attività quotidiana ed i nostri progetti, molti dei quali nati in casa e, di conseguenza, protetti attraverso registrazione di marchi, disegni e modelli, dimostrano la vision e la mission di una azienda in crescita dinamica, con forte coscienza ecosostenibile e particolare attenzione alle risorse umane.

La mission è quella di sviluppare e fornire soluzioni di illuminazione sostenibile e di qualità, che permettano di ridurre i costi, il consumo energetico e l'impatto ambientale. L'intera gamma di prodotti soddisfa questi requisiti e comprende lampade e apparecchi di illuminazione LED.

VALORI, I PRINCIPI E GLI ATTEGGIAMENTI

Per noi la sicurezza, la tutela ambientale, la qualità e l'efficienza commerciale sono fattori di primaria importanza per il raggiungimento degli obiettivi aziendali. Abbiamo pertanto sviluppato ed applicato, su base giornaliera, una gestione qualitativa ed ecologicamente responsabile di tutti i processi aziendali.

I nostri valori si basano sul un codice di condotta coerente ed onesto, sempre orientato alla pragmaticità che ci contraddistingue. Siamo un'azienda customer oriented, per noi un cliente soddisfatto o una scheda tecnica di prodotto "veritiera" e documentata, è più importante di una "campagna pubblicitaria ben fatta".

Il nostro impegno è fornire prodotti di qualità garantita, in modo da avere un reale beneficio in termini di risparmio economico, sociale e ambientale.

Possiamo definirci un'azienda open-minded pronta ad adattarsi alle esigenze dei clienti, fornendo loro soluzioni personalizzate adatte alla specifica situazione. La nostra rete aziendale ci permette di essere veloci e concreti. Desideriamo che i clienti percepiscano che siamo veloci e dinamici, molto più rispetto alla concorrenza. La stessa gestione aziendale è basata sui medesimi principi, al fine di adeguarsi con successo in un mercato in continua evoluzione e assicurare che la stessa venga considerata come organizzazione eticamente e socialmente responsabile anzichè l'ennesimo attore improvvisato di questo settore.

Italiano

Il colore e la finitura dei prodotti riportati sono da considerarsi puramente indicativi e non vincolanti. Le immagini che li rappresentano possono essere influenzate da fattori quali le condizioni di luce, fototocco e qualità di stampa. I disegni, le misure e le quote riportate sono da considerarsi puramente indicativi e possono subire variazioni senza preavviso. Le caratteristiche tecniche ed i parametri indicati sono il frutto di analisi da noi eseguite presso i nostri laboratori con nostra strumentazione e sono riferibili al momento di analisi. Essi sono puramente indicativi, non costituiscono vincolo e possono variare anche per lo stesso prodotto a seconda della tecnologia impiegata. Nonostante severi controlli, non possono essere esclusi errori di forma o sostanza riguardo a quanto riportato in questo catalogo, la pubblicazione pertanto è intesa essere senza alcuna responsabilità da parte nostra.

Deutsch

Farbe und Veredelung der Produkte sind indicativ und nicht verbindlich. Bilder könnten von mehreren Faktoren ab, beispielsweise gegeben; Lichtverhältnisse, Druckqualität und die digitale Bearbeitung betroffen sein. Zeichnungen, Layouts und Maßnahmen müssen als Anhaltspunkt und können jederzeit ohne Vorankündigung zu ändern. Technische Spezifikationen sind von uns selbst in unseren Laboratorien mit eigenen Geräten erfasst und zum Zeitpunkt der Prüfung bezeichnet. Sie sind unverbindlich, sind nicht bindend und können jederzeit ändern, selbst für das gleiche Produkt, denn von der verwendeten Technologie (vor allem LED). Trotz strenger Kontrolle können Fehler nicht ausgeschlossen werden, dementsprechend ist der Katalog ohne Haftung unsererseits veröffentlicht.

English

Color and finishing of the products are indicative and not binding. Images could be affected by several factors e.g. light conditions, printing quality and the digital editing. Drawings, layouts and measures have to be considered as indicative and can change anytime without prior notice. Technical specifications are detected by ourself in our laboratories with our own equipment and are referred to the moment of test. They are indicative, are not binding and can change anytime even for the same product, because of the technology used (above all for LED). Despite strict check, mistakes can't be excluded, accordingly, this catalog is released with no responsibility on our part.

Français

Couleur et la finition des produits sont indicatives et non contraignant. Images pourraient être affectées par plusieurs facteurs, exemple donné, les conditions de lumière, qualité d'impression et l'édition digital. Dessins, schémas et mesures doivent être considérés comme indicatifs et peuvent changer à tout moment sans préavis. Les spécifications techniques sont détectées par nous-mêmes dans nos laboratoires avec notre propre matériel et sont renvoyées au moment de l'essai. Ils sont à titre indicatif, ne sont pas contraignantes et peuvent changer à tout moment, même pour un même produit, en raison de la technologie utilisée (surtout pour les LED). Malgré le contrôle, les erreurs ne peuvent être exclues, par conséquent, ce catalogue est publié sans responsabilité de notre part.

Español

Color y acabado de los productos son indicativas y no vinculantes. Imágenes pueden verse afectadas por varios factores, el ejemplo dado, las condiciones de luz, la calidad de impresión y la edición digital. Dibujos, diseños y medidas tienen que ser considerados como indicativos y pueden cambiar en cualquier momento sin previo aviso. Las especificaciones técnicas son detectadas por nosotros mismos en nuestros laboratorios con equipos propios y se conocen hasta el momento de la prueba. Ellos son indicativas, no son vinculantes y pueden cambiar en cualquier momento, incluso para el mismo producto, debido a la tecnología utilizada (por encima de todo para el LED). A pesar de una estricta comprobación, los errores no pueden excluirse, en consecuencia, este catálogo se libera sin ninguna responsabilidad de nuestra parte.

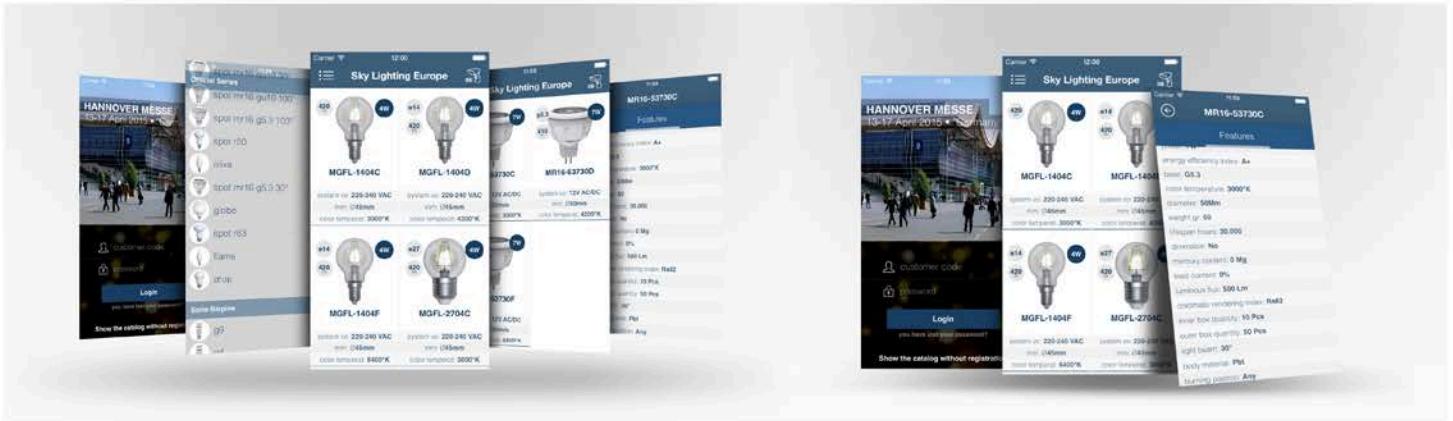

Čeština

Barva a úprava produktů jsou pouze orientační a nejsou závazné. Obrázky by mohly být ovlivněny několika faktory např. světelnými podmínkami, kvalitou tisku a digitální editací. Kresby, nákresy a opatření je třeba považovat za orientační a mohou být kdykoliv změněny bez předchozího upozornění. Technické specifikace jsou detekovány námi v našich laboratořích, naším vlastním zařízením, a jsou přeneseny v okamžiku testu. Jsou orientační, nejsou závazné a můžou být kdykoliv změněny i pro stejný výrobek z důvodu použité technologie (především LED). I přes přísné kontroly chyb nelze vyloučit a proto tento katalog je vytiskněn bez odpovědnosti z naší strany.

Sky Lighting Europe srl is a lamps and Led Lighting Manufacturer.

The company, which has Italian majority capital, is the commercial interface of a group made up of four complementary companies, based in Southeast Asia, employing more than 2,500 people and reach half a billion dollars turnover.

The enormous success of the group is due precisely to a complementarity so deep and strategically referred to the key points of industrial strategies, from electronics, such as the production of all electronic circuits needed for our lamps or light fixtures, biochemistry through herds of synthetic sapphire, necessary for the creation of the substrate necessary to the realization of the filament of our LED lamps.

Innovation and sustainability are the principles on which to base our competitive advantage. A service order processing and delivery "the day after", a system operating in "real time", turn us in a referring player on the market. Through these guidelines, today, we are present in over 70 countries all around the world, with a huge warehouse, as well as a laboratory equipped for the ongoing verification of the quality of our products.

CERTIFICATION _ Quality and safety are core values that are guaranteed on all products. In fact they are all certified by TUV Rheinland, one of the most reliable and prestigious institute in the world.

We can define ourselves as an open-minded company, ready to adapt to customer needs, providing them with customized solutions adapted to the specific situation. Our network allows us to be quick and concrete. We want to be perceived by our customers fast and dynamic, much more than our competitors. Company's strategy is based on the same principles, in order to adapt successfully to a changing market, considered ethically and socially responsible, not just another improvised player of this market.
